Guarantee terms for courses:

What's the refund or cancellation policy?

We don't do refunds or cancellations. You get the content immediately after purchasing.

Occasionally scammers have tried to buy the course, download all the content, and then ask for a refund. So, we no longer offer refunds on digital products.

However, our high quality of education and service allow us to guarantee up to 6 months after taking The Road To \$1 Million course with the payment of \$10,000 if the student is unable to make at least \$5,000 with the techniques taught in the course. For this to be possible, the student undertakes to demonstrate that he or she has applied the techniques shown in the course.

In this way we value our effort and dedication to always offer updated and quality education and on the other hand we encourage students to make an effort to read all the content and apply it.

Most of the free books that people usually download end up forgotten without being read and only when paying for a service or training does the user commit to making an effort to get the most out of it.

Most courses you can find on financial freedom or on SEO and marketing offer a 30-day money-back guarantee because they are not worried about the material offered in the course being pirated and then claiming a refund if you are not happy with the content.

These courses do not offer high quality content, or they simply offer the basics and then offer a more in-depth course for thousands of dollars, wasting students' time or making them pay large sums of money without even guaranteeing that it can be useful. , current or applicable for any type of business. This way of acting does not work for us and that is why we do not apply it in our courses.

We strive to provide current techniques that serve to increase profits and that can be applied to any business from scratch and we offer them at a reasonable price.

We do not offer any other courses afterward for thousands of dollars.

We also offer training and networking events for a certain number of students who meet the minimum earnings requirements of more than \$300,000 per year and we do so exclusively to guarantee quality access where different business owners can benefit from making contacts at a level beneficial to all parties.
